DASH partners with leading PR agency PHA Group to support new product launches

DASH

"We first started working with Growth Lending in 2018 and we've had an amazing experience so far seen by the longevity of our partnership, they are fantastic at understanding the pinch points in very fast growing businesses and able to creatively look at ways around them that other maybe more traditional lenders wouldn't have the understanding or capability to be able to do."

Alex Wright, CEO and Co-Founder

"DASH Water has grown at an extraordinary rate to become one of the UK's leading F&B challenger brands and we are very proud to have supported part of its growth journey. We have worked with Alex, Tom and the team since 2018 and look forward to watching the business continue to prosper"

Julian Hornby, Director of Debt Finance
